**Landmark**  
is a large upright standing stone that has been used as territorial marker. It became associated with traditions, myths and memorabilia. The self-identity could be framed as a specific landmark - giving identity to the space and the resident culture.

**Sculpture mass**  
all sculpture has mass. Space enters into the sculpture, the material of the sculpture, solid, void or stone through space, they may embrace or enter space. This creating hollows and voids within the sculpture, and they make use to another space.

**Signatures possibilities**  
one defined by emptiness.

**Art's urban spread**  
art's form comes from a few individuals to highly organized colonies, described as superorganisms.
